Please see below for a guide to general education courses and the requirements that each course designation fulfills in the Making Connections and IDEAS in Action curricula. For more information about general education requirements, please review the [UNC Catalog](#).

**Tip:** To search the list of [pre-approved classes](#) for general education courses, please search for ‘SAO’ using the ‘department’ filter drop down option.

Most of these are coded as 3 credits, however, some have 2 credit options. If the course yields more than 3 credits you should attach a GENR ----- for any amount over 3 with the remaining needed credit.
